

Commercial Auto

Many business owners are surprised to learn that certain vehicle types and those used for various business purposes are NOT covered under their personal automobile insurance. Vehicles used to conduct a service, transport goods, haul tools and equipment, or are owned by a corporation or partnership require a separate commercial policy to protect against liability, collision, personal injury, etc. Our **Commercial Auto** coverage does just that with the flexibility to accommodate companies with one vehicle or one hundred! Let us take care of your insurance so you can keep your mind on other matters . . . like the road.

Keep your mind on the road, not on your insurance coverage.
